### **Letter of Authorization**

As part of the celebrations of *Azadi Ka Amrit Mahotsav*, Office of the Controller General of Patents, Designs & Trade marks (CGPDTM) had launched NIPAM (National Intellectual Property Awareness Mission) on 08th Dec 2021 with the objective to impart training to one million students in Intellectual Property Rights (IPRs) by 15th August, 2022. With active participation and Co-operation from the educational institutions, this office accomplished the milestone well before the deadline. In this mission this office trained 11,66,924 (5,55,235 female & 6,11,689 male) Students and faculties of all states and union territories of India.

In view of the encouraging response of the NIPAM, the office has decided to launch, NIPAM 2.0 in collaboration with TIFAC and other IP facilitators. NIPAM 2.0, the next version of the mission imparts training in IPRs among students at different levels along with the faculties. This mission specifically aims to cover all the districts of India.

So far more than 13.5 lakhs students and faculties have already been trained in IPR under NIPAM 2.0.

At this moment the office sought the cooperation of Technology Information Forecasting and Assessment Council (TIFAC) to further bolster the Mission NIPAM 2.0. In response to this more than 200 alumni from TIFAC volunteered to join this, Mission.

It is expected that NIPAM 2.0 can reach every nook and corner of the nation as they are spread all over India. By involving themselves in this mission, they can contribute significantly to the IPR ecosystem of India. As part of said Mission, the Office of CGPDTM hereby invites your esteemed institution to avail the benefit of this special drive by conducting an Intellectual Property Rights awareness program.

We are happy to nominate **Dr. Neetu Pandey** as a Trainer to conduct IP Awareness for NIPAM 2.0 in your esteemed institution. We hope 10-20 numbers of programmes to be planned throughout the year. We appreciate your planned activity.

*N.K. Mohanty*

Shri. N.K Mohanty

Sr. Joint Controller of Patents & Designs
